
It’s EASY, Just present our prescription discount card to your pharmacist and they will enter the codes into their computer system, once saved, you will automatically receive discounts on your prescriptions.

Save up to 80% on prescriptions, accepted at most pharmacies nationwide, share the card, reusable, Free, never a fee or registration, never expires, use on drug not covered by your insurance & medicare.

What if I have insurance?

You can use the card instead of insurance if, the medication is not covered by insurance, the card offers a better price than your copay, Medicare Part D donut hole, the medication is not covered by Medicare.

How It Works?

1. Step One: Search for the Lowest Price and Pharmacy Locations
2. Step Two: Show your discount card to your Pharmacist
3. Step Three: Save on Your Medications

Find the lowest drug prices at www.ChoiceDrugCard.com
